Phone: (715) 537-6225
Fax: (715) 537-6842
Email: adrc@co.barron.wi.us

The Aging and Disability Resource Center is a public office where people can find help in their communities for older people and adults with disabilities, as well as their families and friends. Our staff is available to answer your questions and help you explore all of your options. Free, private, confidential meetings with our staff are available at the resource center, over the telephone, or in a visit to your home. Call **715-537-6225** or **1-888-538-3031**.

You can get connected to:

- **Services** You can receive information about services and get connected to them. Questions and concerns about what is available to help people continue live in their own homes or elsewhere can be discussed. Any specific problem areas can be addressed and you will be referred to the specialists who can help. Whether it is work, housing, health, insurance, eating well, or a concern about another adult we will listen and discuss your options. Staff is also available to help you apply for public programs if you are interested.
- **Choices** When aging and disabilities limit your ability to be on your own, we can discuss and advise you about in-home services, apartments, assisted living, nursing homes, and so forth. You and/or your family can meet with us to help determine what you need now and in the future, discuss the cost of options, evaluate how to pay for those services, and refer you to specialists if need be.
- **Benefits** You can receive accurate and current information on private and government benefits and programs from specialists who are experts in benefits for both elderly and disabled adults. You can receive help if you run into problems with Medicare, Social Security, or other benefits.
- **Independence** You can get connected to senior dining, meals on wheels, education about eating well, support for family caregivers, adult day services, classes on preventing falls, and managing chronic diseases such as diabetes, chronic pain, depression and so forth. Prevention may delay the need for more costly care.

This resource directory contains information on many topics, products, and programs. It should be used as an overview and general guide. No endorsements or recommendations are made by the Aging and Disability Resource Center of Barron, Rusk, and Washburn Counties.
