

Prescription Drug Coverage

1. Is there any way I can get help paying for medications since I no longer have health insurance?

You can go to www.pparx.org to see if you qualify for free or reduced cost medications. The staff at your local ADRC may also be able help you find ways of paying for medications and other health care costs.

2. How can I help someone get on Medicare Part D?

You can go to Medicare's website, www.medicare.gov. The links there can help you find a Medicare Part D plan. If you like you can call the Disability Drug Benefit Helpline at 1-800-926-4862 if you are between 18 and 60 and disabled. You may wish to make an appointment with one of the Benefits Specialists at your local ADRC to help chose a Medicare Part D plan.

3. What can I do about my Medicare Part D plan that suddenly stopped covering one of my medications?

You can contact the benefits specialists at your local ADRC or call the Disability Drug Help Line at 1-800-926-4862 or the Medicare Part D Information Line at 1-800-633-4227 for help with this problem.
